KS2

Working together to recover self-sustaining populations of native oysters in UK seas

The Wild Oysters scientists

The Wild Oysters scientists

**CELINE GAMBLE – PROJECT MANAGER
(ZOOLOGICAL SOCIETY OF LONDON)**

**MARIA HAYDEN-HUGHES – LOCAL PROJECT
OFFICER (CONWY BAY)**

Women in science in the Wild Oysters team!

**DIANE LEISHMAN – PROJECT
ASSISTANT (FIRTH OF CLYDE)**

**KAREN STEWART – PROJECT
ASSISTANT (TYNE & WEAR)**

**JENNY MURRAY – SENIOR RESTORATION
PROJECT MANAGER (BLUE)**

Learning objectives

- to learn amazing oyster facts
- to describe an oyster reef
- to understand an oyster food web
- to understand the reasons for decline in oysters
- to understand the benefits of oysters
- to explore ways to help our ocean

Oysters

**Write down the first 3 words
that come into your head!**

**What does
the sea mean
to you?**

**Oceans can absorb 1/3 of our
carbon dioxide emissions...**

**Home to more than 90% of life
on Earth.**

Spotted along our
coastline ...

What is happening to our seas?

- (Over)fishing
- Plastic
- Pollution
- Sewage
- Habitat destruction/Trawling
- Ocean acidification (due to climate change)
- Deep sea mining

NEWS

Dead humpback whale washed up on Blyth beach

© 19 March 2021

The humpback whale washed up dead on the beach at Blyth

A humpback whale nicknamed Humpy by wildlife watchers has washed up dead on a beach.

The 36ft-long (11m) juvenile appeared at Blyth, Northumberland, overnight and efforts are under way to remove it.

Fishermen fear for livelihoods as thousands of dead shellfish wash up from North Sea

A MYSTERY over miles of dead shellfish washing up on the shore has put fishermen in fear of their livelihoods.

Ostrea edulis

Native Oysters in the UK

Oysters have now practically disappeared due to - **overharvesting, pollution and habitat loss.**

Oyster day in 1835- The arrival of the first oysters of the year at Billingsgate fish market. Oysters were very popular food as they were so cheap – you could buy around 4 for 1 penny.

AUGUST.

Have declined by **95%** in the last 200 years

Map from 1883

Amazing Oysters!

All oysters are born male, then **change between male and female** throughout their lives

They create **habitats** for other living things

Can live for up to **15 years!**

One oyster can clean **200 litres** of water per day!

Absorb carbon from the air into shell.

Each adult female can produce around **1 million babies** per year!

One oyster can clean
200 litres of water
per day!

**Oysters can help
humans too!**

Oysters are secret

SUPERHEROES

Increasing the number of fish

Creating a home for marine animals

Cleaning up the sea

Providing jobs and food

The jobs they do for humans are called ecosystem services

Amazing Oyster Bingo

Oyster bingo!

1. Read the fact sheet and fill in the squares below with six oyster facts.

<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>

2. Listen to the questions and put a tick in the box next to each correct answer. Don't forget to shout 'bingo!' when you have ticked off all six facts.

Eel

Crab

Fish

Starfish

Wild Oyster Project locations

With the support of our local delivery partners, we have established three restoration hubs across the UK to recover the native oysters and the services they provide.

Firth of Clyde

Supported by players of

Awarded funds from

Tyne & Wear

Conwy Bay

How can you help?

HOW TO REDUCE PLASTIC WASTE

CHOOSE REUSABLE SHOPPING BAGS

SAY NO TO DISPOSABLE CUPS AND STRAWS

DO NOT USE DISPOSABLE CUTLERY

AVOID BOTTLED WATER

CHOOSE PLASTIC FREE PACKAGING

AVOID COSMETIC PRODUCTS WITH MICROPLASTICS

CHOOSE REUSABLE PADS

USE LESS DETERGENTS

DO NOT BUY SYNTHETIC CLOTHING

USE CLOTH DIAPERS

REDUCE
REUSE
RECYCLE

9 WAYS YOU CAN REDUCE OCEAN PLASTIC

1

Boycott single-use plastic

2

Join the reusable revolution

3

Shop local & request plastic-free packaging

4

Minimise bathroom & cleaning products

5

Purchase second hand instead of buying new

6

Buy fewer, high quality items made to last

7

Choose products made from recycled materials

8

Consider sharing or hiring instead of owning

9

Lead by example to inspire others too
